 8:30 AM–10:30 AM Brunch and Closing Entertainment

**POSTER SESSION**—Declining interest in science and engineering, combined with shifting demographics, is leading to lower enrollments and interest in careers in science and engineering. To address these challenges for their members, many organizations are taking active roles in outreach to the K-12 audience—including teachers, students, parents and the general public.

Join us for a new session for CESSE—a poster session on K-12 outreach activities. This poster session will feature numerous organizations and their K-12 activities. To present a poster, please contact Susan Chapman at [schapman@agronomy.org](mailto:schapman@agronomy.org).

DOWNTOWN ORLANDO AERIAL
